Cleaning Machines

# balimat sweepers

balimat  
**2300**

balimat  
**3300**

balimat  
**6500**

The new TASKI balimat 2300, 3300 and 6500 deliver unbeaten cleaning performance and ease of use. The patented Tandem Roller System combined with integrated vacuum suction allow use of machine inside and out and on many different surfaces. Modern and robust TASKI sweepers save you valuable time and make your life easier!

**TASKI®** balimat  
**2300**

**Small and compact battery sweeper for everyday use**

**Key Features**

- 65 cm working width
- 37 L hopper
- Theoretical performance of 2300 m<sup>2</sup>/h
- Up to 3 h battery autonomy

**Key Benefits**

- Twin roller system for perfect results
- Flexible use indoors and out, on different floors
- Low height, perfect for use in congested areas
- Self explaining dashboard and non-tool adjustment of brushes

**TASKI®** balimat  
**3300**

**Walk-behind sweeper for large areas**

**Key Features**

- 90 cm working width
- 60 L hopper
- Theoretical performance of 3300 m<sup>2</sup>/h
- Up to 3.5 h battery autonomy

**Key Benefits**

- Increased productivity due to extra-large hopper and wide working width
- Patented Tandem Roller System (TRS) gives you a perfect sweeping result on various floor types
- For indoor and outdoor use
- Simple to use whenever it's needed

**TASKI®** balimat  
**6500**

**Compact ride-on sweeper for versatile use**

**Key Features**

- 110 cm working width (max)
- 90 L hopper
- Theoretical performance of 6500 m<sup>2</sup>/h
- Up to 3.5 h battery autonomy

**Key Benefits**

- Compact size machine combined with wide sweeping path delivers excellent performance
- Perfect sweeping result on various floor types due to patented Tandem Roller System (TRS)
- Flexible indoor and outdoor machine use
- Easy and simple to use whenever its needed

### Simple, intuitive design

Easy, self explaining use of machine reduces the need for operator training and enhances time for cleaning.

### Versatile use

Balimat sweepers are perfectly designed for indoor and outdoor use and on different surfaces like carpet or hard floors.

### Ergonomic use

Height adjustable, ergonomically designed seat and handle for safe and comfortable use. Handle can be folded for easy storage.

### Excellent performance

Modern and robust TASKI sweepers come with wide working width and an extra large hopper – to save valuable time and make your life easier!

### Tandem roller system (TRS)

The patented TRS in combination with integrated vacuum suction delivers perfect cleaning results. It is a real differentiator and delivers perfect cleaning results on various floor types. The 2 counter-rotating roller brushes transport the debris from one roller to the other and transport it upwards
