

Explosive Precursors Act 2023

Professional Users

INFORMATION REQUIREMENTS

In October 2023, the Explosives Precursors Regulation was updated. As sellers of certain products, we are obliged to collect, record and retain critical information from customers of regulated explosive precursors.

The relevant products sold by Astral Hygiene and the reason for their inclusion is listed below:

PRODUCT NAME	REASON FOR INCLUSION
Evans Multi-Acid	Nitric Acid > 3%
Evans Peradox	Hydrogen Peroxide >12%
Evans Vanodox Formula	Hydrogen Peroxide >12%

In relation to the supply of these materials, Astral Hygiene Ltd is required to verify that customers are legitimate professional or business users. The following information must be recorded and retained for 18 months:

PLEASE COMPLETE: Company Name:	
Address:	
Postcode:	
VAT Number:	
Nature of trade/business/ profession:	
Name of individual making purchase (authorised on behalf of the company):	
Form of photographic ID provided (Passport, driving licence, trade identification card or business ID card):	

Declaration: I hereby declare that the commercial product and the substance or mixture that it contains shall be used only for the indicated use, which is in any case legitimate, and will be sold or delivered to another customer only if they make a similar declaration of use, respecting the restrictions established under the Poisons Act 1972 as amended by the Control of Explosives Precursors and Poisons Regulations 2023. Data will be handled in accordance with GDPR guidelines and retained for 18 months.

Complete by:			
Name:		Role:	
Signature:		Date:	

Where regulated substances are being supplied frequently or on a routine basis to the same professional user or business, verification can be made once and reused. However, the verification process must be repeated every 18 months.

Completed form and photographic ID to be returned to:
